SUBJECT : INTERNAL GUIDELINES FOR OPT-OUT AND VOLUNTARY CONTRIBUTION OF STUDENTS UNDER RA 10931

DATE : MARCH 4, 2022

Section 1.0 BACKGROUND

Section 8 of the Implementing Rules and Regulations (IRR) of Republic Act (RA) No. 10931, known as the “Universal Access to Quality Tertiary Education Act of 2017” mandates all State Universities and Colleges (SUCs) to create a mechanism to enable students with financial capacity to pay for their education and voluntarily opt out of the subsidy for tuition and other school fees. It states that the decision of the student to voluntarily opt out must be made during the enrollment period for each semester and shall be considered final and irrevocable for that particular semester. Students who opt out will be allowed to change their decision in subsequent semesters. Students who voluntarily opt out of the free higher education provision shall pay during the enrollment period an amount equivalent to the assessed tuition and other school fees, which shall be based on the policy of composite fees formulated by the UniFAST Board, subject to the transitory provisions in Section 54 of the IRR. Students who choose to voluntarily opt out of the provision shall sign and submit a waiver to the SUC they are enrolling in. The SUC shall develop a pro-forma waiver, which shall be notarized by the institution. Students who successfully opt-out of the free higher education provision during a semester / term shall be exempt from the civic obligation during the same semester / term.

Section 9 of the IRR of RA No. 10931 also requires SUCs to create a mechanism for Student Voluntary Contribution to enable students with the financial capacity to pay for their education to voluntarily contribute a particular financial amount to the SUC while availing themselves of the free higher education provision. The decision of the student to pay any amount as voluntary contribution to the school must be made during the enrollment period for a particular semester and shall be considered final and irrevocable for that semester. These students shall be allowed to change their decision in subsequent semesters. Students who choose to pay a voluntary contribution shall sign and submit a Voluntary Contribution Form to the SUC which they are enrolling in. The SUC shall develop a pro-forma contribution form, which shall be notarized by the institution.

Pursuant to the above provisions, the Polytechnic University of the Philippines hereby adopts this Internal Guidelines for the opt-out and voluntary contribution of students under RA 10931.
